Career Objective

Aspiring Software Developer with a strong foundation in Python, SQL, and Artificial Intelligence. Passionate about developing AI-powered applications, solving real-world problems, and continuously learning emerging technologies while contributing effectively to innovative software development projects.

Skills & Languages

Programming: Python, Java, C, SQL, HTML, CSS
Soft Skills: Communication, Problem-Solving, Time

Management, Adaptability, Teamwork
Languages: English, Malayalam, French (Basics)

Experience & Projects

AI & Cloud Technology 4-Weeks Internship

Sep 2025 – Oct 2025

IBM SkillsBuild (AICTE-Edunet Foundation), Remote

- Completed a 4-week virtual internship focused on Artificial Intelligence and Cloud Technologies.
- Developed an AI Travel Planner project applying AI concepts to personalized travel recommendations.
- Participated in expert-led sessions on AI technologies and earned the IBM AI Fundamentals certification.

Predicting Student Grades Using Linear Regression Workshop

Mar 2025

Google Developer Groups (GDG) on Campus & Abu Dhabi University

- Completed an online workshop on machine learning techniques for predictive analytics.
- Learned Linear Regression and data-driven prediction methods for educational outcomes.

Projects

AI-Powered Stroke Detection & Prevention System

Oct 2025 – Feb 2026

- Developed a machine learning-based system to predict stroke risk using health and lifestyle data.
- Implemented classification algorithms to identify early warning signs and risk levels.
- Designed a preventive alert system providing personalized health recommendations.
- Technologies: Python, Machine Learning, Classification Algorithms.

AI Travel Planner

Oct 2025

- Built an AI-driven web application to generate customized travel itineraries based on user preferences.
- Integrated personalized recommendation logic using core AI concepts and web development tooling.

Awards & Certificates

IBM AI Developer Professional Certificate

Jun 2026

IBM Skills Network (Coursera)

- Completed a professional certificate covering Python, Flask, Generative AI, Prompt Engineering, HTML, CSS, JavaScript, and AI application development.

IBM AI Fundamentals

Oct 2025

IBM SkillsBuild

- Earned foundational certification in Artificial Intelligence principles and applications.

Generative AI Fundamentals with Google Cloud

Oct 2023

Google Cloud Skills Boost

- Completed certification in Generative AI fundamentals.

Cambridge English Linguaskill Exam (B2 Level)

Cambridge University Press & Assessment

- Certified B2 level in English language proficiency.

Academic Achievement

Class Topper – BCA Batch 2023–2026

Sahrdaya College of Advanced Studies

12th CBSE Informatics Practices Topper

Mar 2023

St. Joseph School, Abu Dhabi

- Achieved **98%** in Informatics Practices, securing **First Rank** in the school under the CBSE board.

Extracurricular Achievements

First Prize – Patriotic Group Song (Interzone Arts Festival)

Feb 2025

University of Calicut

- Won **First Place** in the Patriotic Song competition at the University of Calicut Interzone Arts Festival.

First Prize – Patriotic Group Song & Third Prize – Eastern Group Song (D-Zone Arts Festival)

University of Calicut

- Won **First Place** in Patriotic Group Song and **Third Place** in Eastern Group Song at the D-Zone Arts Festival.

Education

Master of Computer Applications (MCA)

2026 – Present

Rajagiri College of Social Sciences (Autonomous), Kalamassery

Bachelor of Computer Applications (Artificial Intelligence)

2023 – 2026

Sahrdaya College of Advanced Studies, Kodakara

CGPA: 8.9/10

Class 12th (Commerce)

Mar 2023

St. Joseph School, Abu Dhabi

80%

Class 10th

Mar 2021

St. Joseph School, Abu Dhabi

92%
